ABOUT US

About Value Focused Project (VFP)

Value Focused Project (VFP) is driven by a dedicated team with a clear mission: to bring the most rewarding and fair degen cash games and raffle system to the Solana community. Our platform is designed to offer an exciting array of opportunities, from daily prizes to exclusive rewards, ensuring that users enjoy the thrill of gaming while earning tangible value.

Our referral system allows you to earn Value Points, which can be redeemed for \$VFP tokens and more. Additionally, you'll have the option to gift raffle tickets to others, enhancing the community experience. With custom developments underway, we're expanding to integrate our games and rewards system into Telegram in our Phase 2 rollout, offering even more ways to engage and win.

At VFP, we prioritize user experience to make gaming not just profitable, but also enjoyable. Join us and discover a new world of degen games, raffles, and rewards – where you can win big while having fun.

Mental health matters at \$VFP. We're committed to donating a percentage of our proceeds to a charity that brings awareness and support to mental health issues, with a focus on our armed forces.
